## SAPULPA JUNIOR HIGH SCHOOL MISSION STATEMENT CHALLENGE, GROW, CONTRIBUTE

### THE MISSION OF SAPULPA SENIOR HIGH SCHOOL

**IS TO CHALLENGE EACH STUDENT,**

**TO PROMOTE PERSONAL GROWTH,**

**TO PREPARE THE CITIZEN OF THE FUTURE.**

## EXPECTATIONS

Students are expected to:

1. Be on time to each class.
2. Bring the necessary tools for work; pencils, pens, papers, books, notebooks, etc.
3. Complete assignments on time to the best of your ability.
4. Behave appropriately – any behavior that bothers someone else or interrupts the lesson is inappropriate.

Students also have a responsibility to behave appropriately outside the classroom: before school, during lunch, between classes, after school, and at school-sponsored events. Any behavior that is dangerous unruly, disruptive, illegal, or disobedient is inappropriate.

## GENDER EQUITY STATEMENT

**Title IX of the Educational Amendments of 1972 is applicable to the programs and activities of the Sapulpa School District. Title IX provides:**

***“No person in the United States shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity receiving federal financial assistance...”***

The Sapulpa School District is committed to gender equity. To this end, the District prohibits discrimination on the basis of gender, and the Board of Education has adopted a Grievance Procedure which may be utilized by employees, students or parents who wish to assert claims of discrimination. Additionally, the District has appointed a Title IX and Section 504 Coordinator who, among other responsibilities, ensures compliance with the District’s legal obligations in the area. The District’s Title IX and Section 504 Coordinator is Assistant Superintendent of Human Resources. The Coordinator may be contacted by phone at (918) 224-3400 or in writing at Sapulpa Public School, 511 E. Lee, Sapulpa, Oklahoma 74066. A copy of the District’s “Grievance Procedure for Filing, Processing and Resolving Alleged Discrimination Complaints” may be obtained, upon request, from the Coordinator.

## NON-DISCRIMINATION CLAUSE

All programs, positions and services (curricular or extracurricular) are open to students regardless of sex, race, religion, national origin or marital status; however, a student’s participation rights may be withdrawn for disciplinary reason (e.g., unbecoming conduct, violation of rules or laws, etc.)

### ALTERNATIVE SCHOOL (BARTLETT ACADEMY)

Students at Sapulpa Junior High School who have been recommended for long-term suspension, or those students having academic and social challenges, may be referred to the Bartlett Academy. Assignments are made by a Committee. One of the deciding factors for referral is that of availability of slots at the school. Students suspended from Sapulpa Junior High School and attending an alternative school are reminded that they are prohibited from attending school functions until the disciplinary suspension has been served. Bartlett Academy students are not allowed to be on the junior high school campus unless by special permission from a junior high school administrator. The only exception is those students using school transportation and they are restricted to the bus loading area only (THE AREA JUST EAST OF THE YELLOW POSTS).

## ANNOUNCEMENTS

The daily announcements, which contain information important to the student body, will be available on the TV in the main hallway and office, and on O@sis Announcements. They will also be available in Power School's Parent Portal.

### ASBESTOS NOTICE (As of August 7, 1990)

In accordance with the Asbestos Hazard Emergency Response Act of 1986, the Sapulpa School District has conducted an inspection and prepared a Management Plan for asbestos containing building materials that may have been incorporated in the school buildings.

Asbestos-containing building materials have been found in several of the school buildings in the district.

The district has developed a comprehensive program for removing, monitoring, and repairing these specific areas. A completed Management Plan is located in the Principal's Office of each school and at the School Service Center. ***If you have any questions, please feel free to call 224-7089.***

## ASSEMBLIES

During assemblies at Sapulpa Junior High School, students are expected to demonstrate the courtesy, cooperation, and consideration that they have been taught at school and at home. There are always visitors at our assembly programs, and it is a credit to our student body when visitors are able to comment on the courtesy of students toward speakers, performers, and visitors. Students may be removed from assemblies due to behavior deemed inappropriate.

## ATHLETIC EVENT BEHAVIOR

At Sapulpa Junior High School we want to promote positive behavior. Cheering at athletic events will be restricted to promoting our athletics and our athletic teams. We want you to cheer for our teams, not against the opponent. Derogatory, demeaning, or degrading remarks that are intended to put down the opponent will not be tolerated. Disciplinary action will be imposed for failure to comply with this policy.

**(ANY STUDENT WHO EXITS AN ATHLETIC EVENT WILL BE REQUIRED TO PAY AGAIN BEFORE HE OR SHE IS ALLOWED TO RE-ENTER THE EVENT.)**

## CHEATING

Cheating will be considered the act or intent of gaining or giving knowledge for an assignment or test by fraudulent means. The penalty will be a zero for the assignment or test and no opportunity for makeup. Cheating could also result in a disciplinary action.

## CLASS RANK

Class rank will be determined at the conclusion of the seventh semester. Class ranking is determined by the student's weighted G.P.A. The Oklahoma State Regents for Higher Education have established the following guidelines for class rank; "The class rank is one more than the number of students in a high school graduating class who have a grade point average greater than the student in question."

Students transferring into Sapulpa High School have equal opportunity for class rank. However, when a student transfers into Sapulpa with honors courses earned in the 9th grade, that student cannot be given advanced opportunity over Sapulpa students.

Example: Student transfers into Sapulpa with three 9th grade honors courses and finishes her/his career with a 4.45 G.P.A. The highest-ranking Sapulpa student has a 4.40 G.P.A. These students would be named co-valedictorians.

## COUNSELORS

Sapulpa Junior High School has a staff of highly qualified counselors. The primary function of each counselor is to provide assistance to students in accomplishing three goals: (a) to resolve personal problems, (b) to formulate educational and career plans and (c) to schedule appropriate courses. Since junior high school is a time to prepare for the future, all students are encouraged to use the guidance services often to insure the greatest probability for future success.

Even though counselors do not function as private therapists in the school setting, they are qualified and available to counsel students in crisis situations. If parents believe their child is in need of more intensive on-going attention, they may contact any of the counselors for information regarding community services and/or other referral services.

## Hall Passes

- Students who need to see a counselor are reminded that counselors are available before school or after school. Otherwise, the counselors will send for a student if the student has signed his/her name on a form in the counselor's office. Students who miss class without prior written permission will be considered truant and dealt with accordingly. Only in the case **of an emergency, teachers can call a counselor.**

## HomeBound Instruction

- A student certified by a physician as unable to attend school for two (2) weeks or more because of physical or emotional disability is eligible for home or hospital instruction. Students must submit a homebound application signed by a physician. Applications can be picked up in the Counselor's office. If the student is homebound for psychological reasons, a letter from a psychologist stating the type of treatment the student is receiving is necessary. Girls who are pregnant will be eligible when the doctor and eligibility team determine that, for medical reasons, the student cannot attend school. In the interest of health and safety, homebound students cannot attend extra-curricular activities without prior approval of the School Principal. This does include prom. Homebound will begin when the parent submits the proper paperwork, the committee reviews and approves the homebound request, and the parent is notified by school officials that the student has been approved for homebound education. The simple act of turning in a homebound application does not result in homebound acceptance

## CREDIT RECOVERY

Students must make every effort to pass all scheduled classes. However, students who have failed classes for high school credit may be eligible to pursue their academic requirements through online coursework. If make-up credits are needed to meet graduation requirements, a counselor will be available to assist the student in determining an appropriate method for completing these requirements.

## DANCES

Students who attend school-sponsored dances must be currently enrolled at Sapulpa Junior High School. Only Sapulpa Junior High students will be allowed to attend the dances. These dances will be announced in advance. All Sapulpa Junior High School dances will be sponsored by school personnel and all school rules will be enforced, including dress code. Once a student has entered the building for a dance, he or she cannot leave and re-enter that dance.

## DELIVERIES DURING THE DAY

Because interruptions during class hinder academic process, school personnel will accept only school-authorized delivery of goods from outside vendors. Examples of unauthorized deliveries include flowers, balloons, and cards.

## DETENTION

Detention is a correctional measure used when it is deemed appropriate. Students are to report to the appropriate supervisor at the specified time with class work to be studied.

## DISCIPLINE

### Cell

Cell Phones are not to be used or visible in any building at Sapulpa HS or JH. If the phone is visible whether in use or not, student will have disciplinary consequences. Students will be asked to turn in their cell phone if they ring, vibrate, or disrupt the building or educational environment. Parents may be required to pick up cell phone from principal. If a student needs to contact parents, they may use the phones in the main office.

### Earbuds/ headphones

If Earbuds/ Headphones are visible in the hallway, the student will be asked to turn them in to a staff member and the student will be allowed to pick them up on Friday from the attendance office. Additionally, if the classroom teacher has not given permission to have headphones out in the classroom the teacher may also ask the student to turn in the headphones and send them to the attendance office where the student may pick them up on Friday. .

### Identification

All persons must, upon request, promptly identify themselves to any school personnel in the school building, on school grounds, or at school-sponsored activities. Students off school grounds during the school day must identify themselves to school officials upon request. They could also be checked at certain school activities. Refusal to identify or providing false identification will result in out-of-school suspension. (See Student IDs)

## EARLY DISMISSAL FROM SCHOOL

State law says the school day shall consist of not less than six (6) hours devoted to school activities for any person or persons. This simply means all students enrolled at Sapulpa Junior School shall be enrolled in seven (7) classes. No students shall be released early to work.

## EMAIL AND STUDENT'S RESPONSIBILITY

Students are expected to check their school email daily. School email is used to deliver important and timely communication from teachers, administrators, and the district. It is the student's responsibility to keep up with this communication.

## ELIGIBILITY REQUIREMENTS FOR EXTRACURRICULAR ACTIVITIES

Students must be successful in their class work if they wish to compete in any extracurricular contests. Eligibility is checked on a weekly basis. If a student is failing any class for one week, he/she will be placed on probation. If that student is failing any class after two weeks, he/she is ineligible. (This does not have to be the same class. For example, a student could fail English the first week and math the second.) This includes grades and/or attendance. Students must be academically eligible to attend any school-sponsored event or activity, including school dances.

## FERPA RIGHTS

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age (“eligible students”) certain rights with respect to the student’s education records. They are:

- A. The right to inspect and review the student’s education records within 45 days of the District receiving a request for access. Parents or eligible students should submit to the School Principal (or appropriate school official) a written request that identifies the record(s) they wish to inspect. The Principal will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.
- B. The right to request the amendment of the student’s education records that the parent or eligible student believes are inaccurate, misleading or in violation of student rights. Parents or eligible students may ask the District to amend a record that they believe is inaccurate or misleading. They should write the School Principal, clearly identify the part of the record they want changed, and specify why it is inaccurate, misleading or in violation of student rights. If the District decides not to amend the record as requested by the parent or eligible student, the District will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.
- C. The right to consent to disclosures of personally identifiable information contained in the student’s records, except to the extent FERPA authorizes disclosure without consent.

### Directory Information

- A. The Sapulpa School District proposes to designate the following personally identifiable information contained in a student’s record as “directory information,” and it will disclose that information without prior written consent:
  1. The student’s name;
  2. The names of the student’s parents;
  3. The student’s address;
  4. The student’s telephone listing;

5. The student's date of birth,
  6. The student's class designation (i.e., first grade, tenth grade, etc.);
  7. The student's extracurricular participation,
  8. The student's achievement awards or honors;
  9. The student's weight and height, if a member of an athletic team,
  10. The student's photograph; and
  11. The school or school district attended before he or she enrolled in the Sapulpa School District.
- B. Within the first three weeks of each school year, the Sapulpa School District will publish in a newspaper of general circulation in the area, the above list or a revised list of the items of directory information it proposes to designate as directory information. For students enrolling after the notice is published, the list will be given to the student's parents or the eligible student at the time and place of enrollment.
- C. After the parents or eligible students have been notified, they will have two weeks to advise the School District in writing (a letter to the Superintendent of Schools office) of any or all of the items they refuse to permit the School District to designate as directory information about that student.
- D. At the end of the two-week period, each student's records will be appropriately marked by the records custodian to indicate the items the School District will designate as directory information about that student. This designation will remain in effect until it is modified by the written direction of the student's parent or the eligible student. One exception which permits disclosure without consent is disclosure to school officials with legitimate educational interests.

A school official is a person employed by the District as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the District has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student participating in a school service program or serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

(Optional) Upon request, the District discloses education records without consent to officials of another school district in which a student seeks or intends to enroll. (NOTE: FERPA requires a school district to make a reasonable attempt to notify the student of records requests unless it states in its annual notification that it intends to forward on request).

Each student and/or student's parents have the right to file a complaint with the U.S. Department of Education concerning alleged failures by the District to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

### FIRE/TORNADO/SCHOOL SAFETY DRILLS

Fire, lockdown, intruder, and tornado drills are held at various intervals at Sapulpa Junior High School throughout the school year.

Students should remember these basic rules during drills and in actual emergency situations:

- A. Check for instructions in each classroom (posted on the wall near the exit) indicating what to do in case of a fire or tornado.
- B. In the event of a drill or actual emergency, move quickly and quietly (do not run) to the designated safety area.
- C. Remember:
  - The warning signal for a tornado will be given verbally by intercom.
  - The warning signal for a fire is several short blasts of the bell or sustained bell.
  - The lockdown/ intruder on campus signal will be given verbally by intercom.

### FLAG SALUTE POLICY

Teachers and principals at Sapulpa Public Schools are authorized and encouraged to include the Pledge of Allegiance in classrooms, assemblies or as a part of other school events. Students whose families or faith object to this practice are not required to participate in the pledge.

### GANG ACTIVITY

Any behavior, graffiti, colors, hand signs, tagging, sagging or other evidence of gang affiliation, solicitation, or initiation for gang membership is prohibited. Any effort to appear gang affiliated (extra long tees, group coordination of colors, etc.) is prohibited. Clothing, jewelry, style of dress (i.e., sagging), etc. representing any gang affiliation is prohibited at school, on buses, or at any school function. Any behavior or activity which threatens the safety or well being of our students or faculty, or which disrupts the school environment is harmful to the education process. Any student who violates this policy will be subject to disciplinary action and may be suspended for the maximum period authorized by law.

### GRADUATING WITH HONORS

*This is relevant for student in grades 9-12.*

Students who earn a weighted grade point average of 4.0 and pass a minimum of eight (8) honors classes in their four years of high school will graduate with honors at

graduation. These students will be awarded gold cords to be worn during graduation and announced as graduating with honors. Graduating with honors is obtained using the GPA after the first semester of the Senior year.

### HALL PASSES

Students must have permission to be in the halls during class time. Official school hall pass or office requests will be used, and they must be filled out entirely. Hall passes must be visible. Students are to go only to the destination listed on the pass. Students are expected to report immediately to his/her destination using the most direct route.

### IMMUNIZATION REQUIREMENTS

Oklahoma's School Immunization Law was first passed by the Legislature in 1970. The law was revised in 1976 to extend requirements to all children attending Oklahoma schools and to clarify that school officials are responsible for its implementation. The complete text can be found in Title 70 of the Oklahoma Statutes, Sections 1210.191-193: "Rules and Regulations for Immunization for School Children," as amended in June, 1976.

The State Board of Health for children attending school in Oklahoma requires the following:

- 5 DPT 3rd immunization after the 4th birthday; if not they need 4
- 4 POLIO 3rd immunization after the 4th birthday; if not they need 4
- 2 MMR after 15 months; a 2nd after the 4th birthday
- 3 Hepatitis B by 7<sup>th</sup> Grade
- 2 Hepatitis A by 7<sup>th</sup> Grade
- 1 Varicella (chickenpox) of childcare age; if not had disease

Exemptions from the immunization requirements are authorized in the law for medical, religious, and personal reasons. The following is a summary of information concerning these exemptions, including procedures for their authorization:

#### **Medical Exemption**

The amended School Immunization Law of 1976 states in Section 1210.193 that any minor child, through his parents or guardian, may submit to the health authority charged with the enforcement of the required immunization program a certificate signed by a licensed physician stating that the physical condition of the child is such that the immunization would endanger the life or health of the child and thus be exempted from the immunization requirements.

### **Religious or Other Exemptions**

Exemptions based on religious or other objections to immunizations are also allowed. The parent or guardian must present a signed written statement briefly summarizing his/her objections.

### **INDIAN EDUCATION**

The Department of Indian Education of Sapulpa Public Schools exists to serve Native American students in this school district. Services are provided in these areas: Indian cultural classes, classroom presentations on Indian culture, a resource lending library, tutoring at the elementary and secondary levels, and a Secondary Resource advisor. The staff is composed of a Counselor/Director/Secondary Resource Advisor, a secretary, and elementary tutors.

For more information call: (918) 224-9322  
Sapulpa Junior High School  
7 South Mission  
Sapulpa, Oklahoma 74066

### **INSURANCE**

The Sapulpa Public School system does not furnish medical insurance to cover our students. However, the school does provide the opportunity to purchase a medical insurance policy. Insurance packets for students will be available from homeroom teachers at the beginning of the school year. Insuring the student is the responsibility of the parents.

### **LETTERING POLICY**

Students interested in information concerning letters should contact the head coach in that sport or the sponsor of that activity. Each sport or activity varies in its lettering requirements.

### **LOCKERS**

Lockers are provided free of charge to students for the storage of school materials and personal items. Each locker is equipped with a built-in combination lock to which only you have access. Students are strongly encouraged not to give combinations to other students or locker with friends because of convenience or location. Keep lockers locked at all times. The school assumes no responsibility for items missing from lockers. Lockers are the property of the school and are subject to search.

### **LOST AND FOUND**

Students who have lost items at school should first check with the main office since all items, such as books, coats and gym bags are taken to the main office for safekeeping.

## LOST OR DAMAGED BOOKS

Books that have been lost or damaged must be paid for in full. Students should pay their teacher or a secretary in the main office and keep the receipt in case their book is found. Students should assess the condition of their books when books are distributed and bring any damages to the attention of the teacher. The teacher shall make note of such damage and not hold the student accountable.

## LUNCH SCHEDULE

The Junior High School has a closed campus for lunch, therefore once a student arrive on campus in the morning they are not allowed to leave campus until the school day has concluded without permission from the school and a parent.

Sapulpa Schools takes pride in serving lunch to students who wish to stay on campus. Students can enjoy a hot lunch, fast food, salads or even snacks. All food and snacks may not be taken out of the commons area.

## MESSAGES FOR STUDENTS

Classroom interruptions take away instructional time for all students. To help control this, only messages involving emergencies will be delivered to students.

## NOTICE TO PARENTS REGARDING CHILD IDENTIFICATION,

### LOCATION, SCREENING AND EVALUATION

This notice is to inform parents of the child identification, location, screening, and evaluation activities to be conducted throughout the year by the Sapulpa Public Schools in coordination with Oklahoma State Department of Education. Personally identifiable information shall be collected and maintained in a confidential manner in carrying out the following activities:

#### **Referral**

#### **Screening**

Screening activities may include vision, hearing, speech/language and health. Other screening activities may include: review of records and educational history, interviews, observations, and specially developed readiness or educational screening instruments.

Educational screening includes procedures for the identification of children who may have special learning needs and may be eligible for special education and related services. Second (2<sup>nd</sup>) through twelfth (12<sup>th</sup>) grade students shall be screened as needed or upon request of the parent, legal guardian, or teacher.

Students entering the public school system from another state or from within the state without previous educational screening, shall be educationally screened within six (6) months from the date of such entry.

### **Evaluation**

The term means procedures used selectively with an individual student. Written consent of the parent or legal guardian for such evaluation must be on file prior to any child receiving an initial evaluation for special education and related services purposes.

### **Collection of Personally Identifiable Information**

## **ONLINE EDUCATION (Chieftain Virtual Academy)**

The Chieftain Virtual Academy is a blended approach to education that involves full or partial online delivery of content with some element of student control over the time, place, path, and/or pace of their learning. Any student wanting to enroll in a virtual course(s) at Sapulpa Junior High School of any kind must first apply through their school counselor. See the Chieftain Virtual Academy Program guide for further rules and expectations.

### **Terminology:**

**Full Time Virtual:** Students who are enrolled in online classes only.

**Credit Recovery:** These students are making up a class they have either failed or did not complete. Student's will be charged for each credit recovery class.

## **PARKING/VEHICLE REGULATIONS**

Driving to school and parking is intended for students who observe vehicle regulations established for the safety and convenience of all. All students driving automobiles or

motorcycles to school must have a current year parking permit. The cost of parking stickers is \$5.00. Stickers can be purchased in the high school attendance office. Students will have until the end of the second full week of school to purchase and display a parking permit. The proper location for the parking decal is hanging from the rear view mirror so that a person outside of the vehicle can read it.

All student parking is assigned. Student parking is marked by white stripes. Faculty is marked by yellow spaces. Students are reminded also not to park in administration parking and handicap parking. Parking in handicap parking is enforced by SPD and is a mandatory citation. Students will be expected to drive into a parking space, not back into the space. There is no pull through parking. This policy also includes the pull through parking spaces in the back parking lot. Vehicles should be parked legally within the lines. "No Parking" signs must be observed. All drivers shall be licensed drivers and covered by insurance. Vehicles must have current license tags.

The school is not responsible for automobiles or their contents. No loitering or visitation is allowed in the parking lot. Students must leave the vehicle immediately upon arrival on campus. Speed limits are 10 miles per hour on school campus.

Inappropriate bumper stickers are prohibited on students' vehicles at school. Student vehicles are subject to search if there are reasonable grounds to believe that drugs, stolen property, weapons, any such items that are prohibited by school policy are in the vehicle. Parking in staff or administration parking areas, or any driving violation may result in disciplinary action:

Students in violation of the above parking regulations will have a warning sticker put on their vehicle. Repeat offenders may be towed.

## PARTICIPATION STATEMENT - JUNIOR HIGH SCHOOL ACTIVITIES

All students who wish to participate in activities at Sapulpa Junior High School are welcomed. Each student is expected to follow the guidelines described here. Our goal is to provide positive experiences for each student that will improve student performance and lead to successful competition as individuals and as a team. Whether in academics or athletics, we want our students to grow and mature in their areas of interest. When a student voluntarily quits a sport or is removed from the team by a coach, the school counselor and a school administrator need to be notified immediately.

Grades: (from the OSSAA Handbook)

OSSAA scholastic eligibility standards are required of all students engaging in co-curricular activity programs. Local school boards may make exception for only those students participating in non-competitive activities.

### A. Semester Grades

1. A student must have received a passing grade in any five subjects to be counted for graduation that he/she was enrolled in during the last semester he/she attended fifteen or more days
  2. If a student does not meet the minimum scholastic standard he/she will not be eligible to participate during the first six weeks of the next 18-week grading period they attend.
  3. A student who does not meet the above minimum scholastic standard may regain his/her eligibility by achieving passing grades in all subjects he/she is enrolled in at the end of a six-week period.
  4. Pupils enrolled for the first time must comply with the same requirements of scholastic eligibility. The passing grades required for the preceding 18-week grading period should be obtained from the records in the school last attended.
- B. Student Eligibility During a Semester
1. Scholastic eligibility for students will be checked after three weeks (during the fourth week) of a semester and each succeeding week thereafter. School may choose to run eligibility checks on any day of the week. The period of probation and ineligibility will always begin the Monday following the day eligibility is checked. Methods should be devised to check weekly grades of Central tech students and all concurrently enrolled students.
  2. A student must be passing in all subjects he/she is enrolled in during a semester. If a student is not passing all subjects enrolled in on the day of the grade check, he/she will be placed on probation for the next one-week period. If a student is still failing one or more classes during the next week on the grade check day, he/she will be ineligible to participate during the next one-week period. The ineligibility periods will begin on Monday and end on Sunday.
  3. A student who has lost eligibility under this provision must be passing all subjects in order to regain eligibility. A student regains eligibility under rule 3 with the first class of the new one-week period (Monday through Sunday).
  4. "Passing grade" means work of such character that credit would be entered on the records were the semester to close at that time.
- C. Special Provisions
1. A senior student maintains eligibility by passing the classes required for graduation. The number of classes which a student is enrolled can be no less than four. A junior or senior student who is concurrently enrolled in high school and college may use the college courses to meet the minimum number of subjects needed to maintain eligibility. These may be a combination of high school and college subjects equivalent to four high school units which are accepted by the Oklahoma State Department of Education.
  2. An ineligible student who changes schools during a semester will not be eligible at the new school for a minimum period of three weeks. A student may regain his/her eligibility by achieving the scholastic standard in Rule 3, Section 2-b at the end of a three-week period. (Any part of a week is considered a full week.)

3. Incomplete grades will be considered to be the same as failing grades in determining scholastic eligibility. School administrators are authorized to make an exception to this provision if the incomplete grade was caused by an unavoidable hardship. (Examples of such hardships would be illness, injury, death in family and natural disaster.) A maximum of two weeks is allowed for make-up work.
4. One summer school credit (1/2 unit or one subject) earned in an Oklahoma State Department of Education accredited program may be used to meet the requirements of rule 3, Section 1-a, for the end of spring semester.

### **Practice And Events**

Students participating in any activity are expected to attend practices. Each individual sponsor or coach will have specific practice guidelines and penalties established for missing practices. It is expected that these guidelines will be in writing and will be communicated to the student and parent(s).

- A. As a general rule, practices or events will not be scheduled on Wednesday nights or Sundays. Any deviation from this schedule must be cleared with the high school principal at least one week in advance.
- B. It is the student's responsibility to notify a sponsor or coach if the student is unable to attend a practice or event. Notification should always be in advance. It is not appropriate or acceptable to be absent from an event or practice without prior notification.

### **Participation Conflicts**

In case of conflicts with other school activities, the following criteria will be followed:

- A. Whichever event is a state, division, conference or playoff takes precedence over regular practice or competition. Example: Student involved in state chorus takes precedence over a basketball game.
- B. Competition always supersedes practice. Example: Student basketball game takes precedence over choir practice.
- C. Actual tryouts supersede practice. Example, tryouts for school play supersede basketball practice.
- D. In case of two competitions of equal status, the student will be able to make a choice. Example: Basketball game the same night as a choir contest. No penalty will be assessed due to student choice.

Please discuss conflicts with the sponsors and the school principal, if necessary, in advance.

### **Travel**

All students are expected to ride school transportation. This is an important part of participation and also allows the sponsors to prepare, arrange, and adjust. We prefer that participants stay at events to support teammates. But, if you must leave the event, you are only allowed to leave with your parent, unless your parent has personally made

other arrangements with the sponsor of the event. No student will drive to events, unless prior written approval from the school principal.

### **Dress And Behavior**

Students are expected to follow all school guidelines at school-sponsored events. All school policies are in effect at events at home and away. Students participating in events sponsored by the school are always expected to dress appropriately and follow school guidelines. It is expected that students representing the school will make a positive impact through dress and behavior.

### **PETITIONS**

No petitions for any cause may be circulated in a school building without the approval of the Superintendent of Schools or the Board of Education.

### **PROGRESS REPORTS**

Student academic progress can be monitored using parent portal on Powerschool.

### **PUBLIC DISPLAY OF AFFECTION**

The school will insist that all couples conduct themselves at all times at school in such fashion that attention of others is not attracted to their behavior. No public display of affection should occur during school time. Offending pupils will have the necessary disciplinary action taken. Examples of public display of affection are kissing, sitting on lap, hand holding, and hugging.

### **RECORDS/TRANSCRIPTS REQUEST**

To request records (transcripts, testing), you may fill out a request in the Main Office. A 48-hour notice is required for all records requests. For mailing and faxing, please include all necessary information. Requests without a signature of the student or their parent/guardian will not be processed.

### **REPEATING COURSES**

Taking a course over will not remove the original grade from the transcript. All courses taken for high school credit will become a part of the student's permanent record/transcript. The most recent course taken will count toward graduation credit.

### **SAFETY AND WELFARE OF OTHERS**

Sapulpa Junior High School students have a responsibility for the safety and welfare of the school and the students. If a student becomes aware of any situation that could be dangerous or harmful to another student or the school, he/she should report this to an administrator or counselor immediately. This matter will be handled confidentially and tactfully in the best interest of the individual student and the school. Prevention will be the number one objective if a dangerous situation should arise at Sapulpa Junior High

School. If you are concerned about your safety or that of your friends or know of a threat to your school, please call law enforcement and school administration.

### SCHEDULE CHANGES

Schedule changes for the Fall semester can be requested during the Spring enrollment period. Schedule changes for the Spring semester can be requested during the designated time before Winter Break. Any changes made after the designated times can only be approved by administration for extenuating circumstances. Any schedule change made to another subject area after that time will result in a grade of "F" in the course being changed. No credit will be given for the new course.

If a student drops a class and enters another class in the same subject area, credit will be given. This must be approved by the Administration when the schedule correction is made. Students, who enroll from outside of the district when there is less than 90% of the time remaining in a semester, will be subject to this policy.

### SCHEDULE CORRECTIONS

Schedule corrections must be made by the seventh (7th) day of each semester. Any schedule correction that does not affect graduation requirements must be approved by the administrative committee. Schedule corrections will be limited to extreme circumstances. Students must fill out a schedule correction form from the counselor's office.

### SCHOOL BUSES

For the safety of all the students, each bus rider is expected to behave on the bus. Violation of any of the rules for safe bus transportation could result in the forfeiture of a student's privilege to ride any school bus for the remainder of the school year.

Students who ride buses should follow these rules of behavior:

- A. Students shall enter the bus in an orderly fashion and go directly to a seat and remain seated until the destination is reached.
- B. Students shall keep their hands, arms, and heads inside the bus.
- C. No shouting, roughhousing, or throwing objects on the bus or out the bus window is allowed.
- D. Bus riders are expected to be courteous to fellow students and the bus driver.
- E. No possession or use of tobacco of any type is allowed on the bus.
- F. All directions given by the driver are to be followed.
- G. No skateboards or rollerblades are to be brought on any bus.
- H. Students are to ride only their assigned bus. If, for any reason, you need to temporarily change and ride a different bus, you must have a bus permission form signed by a principal granting this permission.

## SCHOOL CLUBS AND ORGANIZATIONS

Sapulpa Public Schools will annually notify all parents and students about clubs and organizations sponsored by or under the direction and control of the school. The annual notification will be by means of the student handbook and school district's web site and must include the name of each club or organization, its mission or purpose and the name of the faculty advisor if known.

Information must also be provided for clubs and organizations formed or created after the annual notification by means of the school's newsletter and the district's web site.

It will be the responsibility of the parent to notify the school if they are withholding permission for a student to participate in any of the clubs or organizations.

## SCHOOL DAY

The building will be open for students by 8:00 AM on Monday and 7:30 AM Tuesday-Friday. Students will not be allowed in the building before that time. Students are asked to leave the building and school grounds as soon as possible at the end of the school day, and the building should be completely cleared by 3:15 PM. No students are to be in the building after 3:15 PM unless they are under the supervision of a teacher or administrator.

## SCHOOL TELEPHONE USE

If a student has a call to make concerning some type of school activity, etc., they may use the phone in the attendance office.

Students should instruct parents to call them at school only on very important matters, in which case the number will be given to the student so that he may return the call between classes. A student will be called out of class to answer the telephone only in cases of extreme emergencies.

## SEVERE WEATHER

Sometimes school is canceled due to severe weather. The Superintendent of Schools will make the decision if our school is to be closed. When this decision has been made, it will be announced on KTUL Channel 8, KOTV Channel 6, KJRH Channel 2, KXOJ 1550, KXOJ FM 101, KRMG 740 Radio, and other stations. School closings will be posted on the school web page and School Messenger.

## SKATEBOARDS/ROLLER BLADES/LASER LIGHTS

Skateboards and rollerblades use will not be permitted on the school campus at any time, at school activities or on school buses. Laser lights are also prohibited at the school campus and at school activities.

## STUDENT AIDES

8th grade students at the junior high may apply to be an aide for one period per semester. Students must apply through application to the building principal. Aides must be in good standing academically, with discipline, and with attendance. Applications may be picked up in the counseling office.

Aides will be expected to be on time and present each period assigned. Student assistants not reporting to their proper assignment will be counted truant and reassigned to another class. They will receive an "F" as student aide, and will get no credit for the reassigned class.

Aides will wear proper identification at all times.

## STUDENT IDENTIFICATION BADGES

Beginning with the 2018-19 school year, all Sapulpa Junior High School students will be issued an identification badge. Each student will be issued one student ID and lanyard free-of-charge. For identification purposes, all students are required to prominently display their school-issued badge from a lanyard around the neck at all times during the school day (with the exception of extracurricular or physical activities).

Students without an ID badge during the school day will be issued a temporary ID sticker by the attendance office. For each issued temporary student ID sticker, the student will be scheduled to serve a detention before the next school day.

The purpose of a student ID is for the immediate identification of enrolled students. Student IDs are not to be covered with pins, stickers, pictures or any other objects, nor should they be altered in any way. In the event that the student ID is lost, damaged, or unusable for any reason, the student will be responsible for a replacement student ID at a cost of \$5. Replacement lanyards can be purchased for \$5.

Disciplinary consequences will result if a student wears another student's ID. Possession of another student's ID is strictly prohibited.

Student IDs must be turned in if the student transfers to another school, enters the total virtual program, or is suspended from school. Student IDs will be returned upon resumption of on-campus classes.

## STUDENT OFFICERS

Due to the immense workload and extensive responsibilities students take on, Sapulpa Junior High School places a limit on the number of offices any student may hold for a club or organization. Sapulpa students are limited to holding office in only **two (2)** clubs or organizations. Further, they are limited to being president in only **one (1)** club or

organization. Students will not be limited to membership and participation in any number of clubs or organizations. Special permission to exceed these number limits may be granted by the principal.

### STUDENT SEARCH

A student, his bags, his car, and/or his locker will be subject to a search when there is reasonable suspicion to believe that the student may have in his possession controlled drugs, counterfeit drugs, drug-related paraphernalia, alcoholic beverages, weapons, and stolen property, any items that are prohibited by school policy (tobacco products, pager, etc.), or other contraband.

### TECHNOLOGY USAGE

Sapulpa Junior High provides every student with a chromebook for use in the classroom and at home. All activity on the chromebook is the responsibility of the students whom it was checked out to. Any inappropriate behavior committed on the chromebook, whether the action is taken at school or otherwise, will be the complete responsibility of the students the chromebook is checked out to.

### TELEPHONE AND/OR ADDRESS CHANGES

If a student has a change in address or phone number, please notify the attendance office.

### TRAVEL

All students are expected to ride school transportation to and from events. This is an important part of participation and also allows the sponsors to prepare, arrange, and adjust. We prefer that participants stay at events to support teammates. Students may leave the event with a parent or guardian after providing written communication to the coach or sponsor. In extenuating circumstances, and with written permission from the parent or guardian, a student may be released to leave an event with a specified adult. But, if you must leave the event, you are only allowed to leave with your parent, unless your parent has personally made other arrangements with the sponsor of the event. No student will drive to events, unless prior written approval from the school principal.

### VALEDICTORIANS/SALUTATORIANS

*This is relevant for student in grades 9-12.*

#### 1. Selection of valedictorian

- a. To attain the status of valedictorian, a student must have earned at least eight (8) credits in a weighted course during the 9<sup>th</sup>-12<sup>th</sup> Grade and/or Concurrent Enrollment core classes.

b. Valedictorians will be chosen based on grade point average and ACT/SAT composite score. The grade point average must be a minimum 4.250 and will be determined at the end of the seventh semester. Student must also achieve a composite score of 24 on the ACT or 1220 combined score on the SAT I. The ACT or SAT I must have been taken on a national test date before the date of graduation.

a. One student will speak at commencement as a representative of the valedictorians.

b. The speaker will be determined by application to committee consisting of High School staff and administration. Application must include the speech.

c. The student selected will be the commencement speaker. If the selected speaker is absent from commencement or fails to meet the requirements listed, the speaker will be the student who placed second in the selection process.

3. Selection of salutatorians is based on the same criteria as the valedictorians with the exception that salutatorians will be those students with a grade point average from 4.000 to 4.249 by the end of the seventh semester.

## School Board Policies

### 204.2 PROFICIENCY BASED PROMOTION (Revised 5-20-13)

Double promotion is discouraged and will only be permitted in unusual circumstances and must have the recommendations of the principal, teacher, and elementary curriculum coordinator with agreement by the parent(s) or guardian. When double promotion is considered the following factors will be evaluated.

- Standardized test scores (Advanced)
- Emotional stability
- Social Development
- Whether or not the academic needs of the student can be met at the present grade level
- Mastery on a grade level Proficiency Based Promotion assessment (Will be available during the months of August and May only)
- Principal/teacher/elementary coordinator recommendation
- Final approval by Superintendent

### 207. HOME SCHOOL OR NON-ACCREDITED SCHOOL ADMISSION AND CREDITS EARNED (Revised 5-7-01)(Revised 5-7-07)

- A. The District welcomes enrollment of students who have been students in non-accredited schools and who have been homeschooled. Students enrolling in the District from non-accredited schools and who have been homeschooled will be placed in grade levels and in courses based upon educational factors, primarily academic mastery as demonstrated on tests that grade the student by the standards of this District's curriculum and Priority Academic Student Skills adopted by the Oklahoma State Board of Education. Test results will be maintained for at least one calendar year.
- B. Students entering the District from non-accredited schools or who have been homeschooled will be required to take academic tests administered by District personnel. The tests will measure the student's mastery of Priority Academic Student Skills and will be written. Pending receipt of such test results, the administration may allow the student to attend school in a designated alternative or temporary setting.
- C. The administration will determine the approved tests which will be used to implement this policy.
- D. Grade and course enrollment will be based upon results of placement tests and any other testing information and/or education records deemed to be relevant by the administration. Parental recommendations will be considered, but the District will not be obligated to place a student in the grade or course which the parent believes is appropriate. A parent who disagrees with the placement decision of the school may present a written objection for inclusion in the

student's permanent folder, and may ask the Board of Education to review those objections. Any review of a placement decision by the Board will be limited to determining whether this policy was substantially complied with by the administration. Such review will not include a review of the merits of the placement decision by the administration. If the Board determines that this policy has not been substantially complied with, then the student's placement will be remanded to the administration for compliance with this policy. The decision of the Board, however, will be final and non-appealable.

- E. Students desiring to enroll in grades 9 through 12 will provide documentation of completed courses, and the student will be administered tests for all core courses to determine whether high school credit will be recognized. Tests for electives may also be required. The District will not grant high school credit in core subjects of English, mathematics, science, social studies, and foreign languages merely because the student successfully completed such courses in non-accredited schools or through homeschooling. High school credit will be granted only if the student scores a grade of at least 60 percent on Priority Academic Student Skills testing. Students will be administered the test corresponding to the last course of a core subject sequence noted on the transcript or record prepared by the non-accredited school or by the homeschooling parent.
- F. Course enrollment of high school students will be made on the basis of the administered core subject tests, foreign language placement tests and elective tests, if any.
- G. Upon successful completion of the first trimester in the high school, credit will be given for elective courses taken at the non-accredited schools or through homeschooling upon presentation of acceptable documentation of course completion or, if believed to be appropriate by the administration, through applicable testing.
- H. Only grades earned from another high school accredited by the State Department of Education of Oklahoma or another previous home state will be used in computing grade point averages. Credits that the administration accepts from a non-accredited school or through homeschooling will be recorded as either A Pass@ or A Fail@ on District records. Only students earning credits in accredited school districts will be eligible for senior class grade point average recognition at graduation.
- I. Placement exceptions to the above regulations may be made at the discretion of the building principal or the Superintendent of Schools, but such discretion must be based upon placement tests, parental recommendations, educational records and other testing information deemed relevant. For children with disabilities, the child's IEP or accommodation plan team will make individualized decisions concerning appropriate placement information and enrollment issues.
- J. Students enrolling from a school in a foreign country will have the transcripts of their completed work reviewed by standards determined to be relevant by the administration, and credits will or will not be granted on the basis of such a review.

210. ACADEMIC LETTER (Approved 11-5-84) (Revised 7-10-06)(Revised 10-10-11)(Revised 5-14-12)

The intent of this policy is to recognize the students who achieve academic excellence and encourage more students to reach higher levels of learning.

- A. All grades on the transcript will count toward the academic letter.
- B. The grading scale to be used is as follows:

A=4, B=3, C=2, D=1, F=0

The grading scale to be used for weighted courses will be as follows:

A=5, B=4, C=3, D=2, F=0.

- C. The first award will be issued after the second semester of the sophomore year, and will be based on the cumulative grade point. The next award will be issued after the second semester of the junior year and will be based on the cumulative grade point. The next award will be issued after the second semester of the senior year and will be based on the cumulative grade point. The next award will be issued at the end of the senior year for the seniors who have not met the criteria before.
- D. The following grade points will be used to determine eligibility:
  - 1. After first semester 10th - 3.8
  - 2. After first semester 11th - 3.7
  - 3. After first semester 12th - 3.6
  - 4. End of 12th - 3.6
- E. The first award at whatever grade level achieved will be a letter. A bar, which can be attached to the letter, will be awarded each following year the student earns the GPA at his/her respective grade level.

Sexual harassment is a prohibited type of sexual discrimination under Title IX for which a grievance under this policy can be filed with the Title IX Coordinator. For purposes of any complaint alleging a violation of Section 504, in addition to those identified as possible grievants in this paragraph, members of the public may also be potential grievants. - C. Filing and Processing Discrimination Complaints
1. The Grievant submits a written complaint to the Coordinator, as applicable, stating, the basis, nature and date of the alleged discrimination, the names of persons responsible (where known) and requested action.   2. The Coordinator conducts an investigation within 10 days of receiving the complaint, to the extent reasonably possible, which may include but not be limited to, interviewing the Grievant, any witnesses, review of documents and interviewing the Respondent. The Coordinator will ask the Respondent to (a) confirm or deny facts; (b) indicate acceptance or rejection of the Grievant's requested action; and (c) outline alternatives.  
As to complaints of discrimination by students and school employees, the Coordinator will disclose the complaint, the identity of the Grievant and information regarding the person who allegedly committed the discriminatory act only to the extent necessary to fully investigate the Grievant and only when the disclosure is required or permitted by law. If a complainant wishes to remain anonymous, the Coordinator will advise him or her that such confidentiality may limit the School District's ability to fully respond to the complaint. If a Grievant asks to remain anonymous, the Coordinator will still proceed with its investigation.
  3. The Respondent will submit a written answer within 10 days to the applicable Coordinator.
  4. Within five days after receiving Respondent's answer, the applicable Coordinator will refer the written complaint and Respondent's written answer to the Principal or Other Designee for a hearing. The Coordinator will schedule the hearing with the Grievant, the Respondent, the Principal or Other Designee. The hearing will be conducted within 10 days after the Coordinator receives Respondent's answer.
  5. At the hearing, the Principal or Other Designee will review the information collected through the investigation and may ask for additional oral or written evidence from the parties and any other individual he or she deems relevant. The applicable Coordinator will make arrangements to audiotape any oral evidence presented. In circumstances involving allegations of sexual

harassment, the Coordinator may determine that it is appropriate and reasonable to separate the individual who is allegedly being sexually harassed from the alleged harasser in the hearing.

6. Within five days after the hearing, the Principal or Other Designee will issue a written decision to the Grievant, Respondent and applicable Coordinator.
  7. If the Grievant or Respondent is not satisfied with the decision, he or she must notify the applicable Coordinator with five days and request, in writing, an appeal to the Superintendent. The written appeal shall contain a specific statement of the basis for the appeal.
  8. Within five days after receiving the appeal, the applicable Coordinator will refer the appeal and the evidentiary record created below to the Superintendent. The applicable Coordinator will schedule a hearing with the Grievant, Respondent and Superintendent within 10 days of receiving the appeal.

At the hearing, the Superintendent may ask for additional oral or written evidence from the parties and any other individual he or she deems relevant. The applicable Coordinator will make arrangements to audiotape any oral evidence presented.
  10. Within five days after the hearing, the Superintendent will issue a final decision in writing to all parties involved.

  12. The applicable Coordinator will notify the Board of Education, in writing, within five days after receiving the appeal. The Clerk will place the appeal on a board agenda within 30 days from the date of notification to the Board of Education.
  13. The Board will act as an appellate body by reviewing the decisions and the oral and written evidence presented below and making a decision. At the Board meeting, the Board may ask for oral or written evidence from the parties and any other individual it deems relevant. The Clerk will make arrangements to audiotape any oral evidence presented. Within five days of the meeting, the Board will issue a final decision in writing to all parties involved.

## SAMPLE DISCIPLINARY OPTIONS:

Detention - Detention is a correctional measure used when it is deemed appropriate. Students are to report to the appropriate teacher/principal at the specified time with class work to be studied. Detention may be assigned on a week-day or on a Saturday, as deemed appropriate.

Alternative In-School Placement - Alternative in-school placement is an optional correctional measure that may be used by the school when deemed appropriate. It involves assignment to a school site, designated by the school, for a prescribed course of education as determined by school representatives.

## STUDENT SUSPENSION:

The judicial extension of Fourteenth Amendment protection to students in the public school emphasizes the need for school administrators to protect the procedural due process rights of students in discipline cases. The policy of the School District must be consistent with the due process rights of students and must provide proper machinery for fair and consistent treatment of students. The term "out-of-school suspension" refers to removal out of school for a period not to exceed one calendar year for offenses involving firearms and the remainder of a current semester/trimester and the succeeding semester/trimester for all other offenses. ALTERNATIVE IN-SCHOOL PLACEMENT, DETENTION, AND SIMILAR DISCIPLINARY OPTIONS OR CORRECTIONAL MEASURES ARE NOT CONSIDERED BY LAW TO BE OUT - OF - SCHOOL SUSPENSION AND DO NOT REQUIRE OR INVOLVE THE DUE PROCESS PROCEDURES SET FORTH HEREIN.

Reference to "parent" in this section of the policy refers to a student's parent or legal guardian.

Reference to "Principal" means the school principal or the school staff member to whom the principal has delegated the responsibility for student discipline.

## BEHAVIOR OR CONDUCT WHICH MAY RESULT IN SUSPENSION:

Students who are guilty of any of the following acts may be suspended out-of-school by the administration of the School or the District for:

1. violation of a school regulation;
2. immorality;
3. adjudication as a delinquent for an offense that is not a violent offense. For the purposes of this section, "violent offense" shall include those offenses listed as the exceptions to the term "nonviolent offenses" as specified in Section 571 of Title 57 of the Oklahoma Statutes. "Violent offense" shall include the offense of assault with a dangerous weapon but shall not include the offense of assault;
4. possession of an intoxicating beverage, low-point beer, as defined by Section 163.2 of Title 37 of the Oklahoma Statutes, wireless telecommunication device, or missing or

- stolen property if the property is reasonably suspected to have been taken from a student, a school employee, or the school during school activities- and
5. possession of a dangerous weapon or a controlled dangerous substance, as defined in the Uniform Controlled Dangerous Substances Act. Possession of a firearm shall result in out-of-school suspension as provided in the District's policy related to Firearms.

In the event of a suspension for any of the reasons listed above, an education plan as discussed in part 5 (Out-of-School Suspension Requirements), below, shall be applicable for acts which fall within parts a-d above. However, no education plan shall be necessary for acts which fall within part "5" above.

Students suspended for a violent offense directed toward a classroom teacher shall not be allowed to return to the teacher's classroom without the teacher's prior approval. Whether an offense is considered a violent offense, requiring an affected teacher's approval as a condition of return to a particular classroom, shall be based on applicable provisions of the Oklahoma school law regarding student suspension and applicable Oklahoma criminal law distinguishing between violent and nonviolent offenses.

District's Obligation:

Before the District, through its designated representatives, recommends out-of-school suspension, alternative in-school placements including, but not limited to: placement in an alternative school setting, reassignment to another classroom, placement in in-school detention, or other available disciplinary or correctional options shall be considered. These shall not be considered as an out-of-school suspension but shall be treated as disciplinary or correctional actions that may be used, if warranted, as an alternative to out-of-school suspension. STUDENTS IDENTIFIED AS DISABLED UNDER THE INDIVIDUALS WITH DISABILITIES EDUCATION ACT OR SECTION 504 OF THE REHABILITATION ACT OF 1973 AND WHO ARE SUSPENDED OUT - OF - SCHOOL OR RECEIVE DISCIPLINARY REMOVAL FROM THE CLASSROOM REQUIRE ADDITIONAL PROCEDURAL CONSIDERATIONS.

Pre-Out-of-School Suspension Conferences:

1. When a student violates board policy or a school rule or regulation or has been adjudicated as a delinquent for an offense that is not a violent offense (as set out in OKLA. STAT. tit.57, ' 571), the principal shall conduct an informal conference with the student.
2. At the conference with the student the principal shall read the policy, rule or regulation which the student is charged with having violated and shall discuss the conduct of the student which is a violation of the policy, rule or regulation.
3. The student shall be asked whether he/she understands the policy, rule or regulation and be given a full opportunity to explain and discuss his/her conduct.
4. If it is concluded that an out-of-school suspension is appropriate, the student shall be advised that he/she is being suspended and the length of the out-of-school suspension.

5. The principal shall immediately notify the parent by phone and in writing that the student is being suspended out of school and that alternative in-school placement or other available options have been considered and rejected.

The written notice should state what alternative in-school placement or other available options have been considered and why they were rejected. Elementary and middle school students shall not be dismissed before the end of the school day without advance notice to the parent.

#### Immediate Out-of-School Suspension Without a Pre-Out-of-School Suspension Conference:

1. A student may be suspended out-of-school without the above pre-out-of-school suspension conference with the student only in situations where the conduct of the student reasonably indicates to the principal that the continued presence of the student in the building will constitute an immediate danger to the health or safety of the students, or school employees, or to school property, or a continued substantial disruption of the educational process.
2. In such cases, an out-of-school suspension conference with the student and the parent or guardian will be scheduled as soon as possible after the student has been removed from the building.

#### Conferences With Parents:

1. The principal will seek to hold a conference with the parent or guardian as soon as possible after the out-of-school suspension has been imposed. The parent should be advised of his/her right to a conference with the principal at the time he/she is notified that an out-of-school suspension has been imposed. The conference will be held during the regular school hours, Monday through Friday, with consideration given whenever possible to the hours of working parents.
2. At the conference, the principal will read the policy, rule or regulation which the student is charged with having violated and will briefly outline the conduct or behavior on the part of the student. The principal will also explain the basis for an out-of-school suspension rather than the use of alternative options. The parent should be asked by the principal if he/she understands the rule and the charges against the student.
3. At the conclusion of the conference the principal shall state whether he/she will terminate or modify the out-of-school suspension. In all cases the parent will be advised of his/her right to have the out-of-school suspension reviewed by the Superintendent of Schools, the Board of Education, or the Out-of-school Suspension Committee as provided by this policy. If the parent is in agreement with the principal's decision, he/she will be requested to sign a Waiver of Review.

#### Out-of-School Suspension Requirements:

1. An out-of-school suspension shall be long-term or short-term. A long-term out-of-school suspension shall be an out-of-school suspension in excess of ten (10) school days. A short-term out-of-school suspension shall be a period of ten (10) or fewer school days.

2. In no event should an out-of-school suspension extend beyond the current school semester/trimester and succeeding semester/trimester, except in the case of possession of a firearm in which case an out-of-school suspension for up to one calendar year is appropriate. Out-of-school suspensions involving firearms are governed by the School District's Gun-Free School Policy. Out-of-school suspensions should have a definite commencement and ending date, indefinite out-of-school suspensions are not permitted. It is recommended that out-of-school suspensions beyond ten (10) days be imposed only in serious situations.
3. Out-of-school suspensions should be consistent; that is, one student should not be suspended out of school for a few days and another student suspended out of school for an extended period for the same or similar offense. However, the principal may take previous conduct and previous disciplinary actions and out-of-school suspensions of the student into consideration.
4. Out-of-school suspensions until the student performs some remedial act are not permitted; however, the student may be advised that an out-of-school suspension of definite length will be terminated at an earlier date if he/she performs a prescribed remedial act or acts.
5. Out-of-school suspensions, in excess of five (5) days, shall include an Individualized Plan for Out-of-School Suspension ("Plan") which shall describe either a home-based school work assignment setting or other appropriate work assignment setting. The plan shall be prepared by the principal with the assistance of other school employees as warranted by the circumstances of the out-of-school suspension.

The Plan shall provide for the core units in which the student is enrolled. Core units shall consist of the minimum English, mathematics, Science, Social Studies and Art units required by the Oklahoma State Department of Education for grade completion in grades kindergarten through eight and for high school graduation in grades nine through twelve.

A copy of the Plan shall be provided to the student and parent or guardian. The parent or guardian shall be responsible for provision of a supervised, structured environment in which the parent or guardian shall place the student. The parent or guardian shall bear responsibility for monitoring the student's educational progress until the student is readmitted into school. The Plan shall set out the procedure for education and shall also address academic credit for work satisfactorily completed.

Records and Reports - The principal will keep written records of each out-of-school suspension conference containing the date of the conference, the names of the persons present, the time duration of the conference, and the basis for rejection of alternative disciplinary options. Also, the principal shall maintain records related to the Education Plan and the student and/or parent's compliance or non-compliance with the Plan.

## LONG-TERM OUT-OF-SCHOOL SUSPENSIONS

### OUT-OF-SCHOOL SUSPENSIONS IN EXCESS OF TEN (10) SCHOOL DAYS

Right of Appeal - A parent or the student may appeal the out-of-school suspension decision of the principal to the Superintendent of Schools and the Board of Education. At the student and/or parent or guardian's option the appeal may be directly to the Board of Education.

Method of Appeal to the Superintendent of Schools or His/Her Designee:

1. An appeal can be presented by letter to the Superintendent of Schools.
2. If no appeal is received within five (5) calendar days after the principal's decision is received by the parent or student, the principal's out-of-school suspension decision will be final and non-appealable.
3. The Superintendent of Schools or his/her designee should hold a conference with the parent or guardian as soon as possible after receipt of the appeal. The conference will be held during the regular school hours, Monday through Friday, with consideration given to the hours of working parents whenever possible.
4. At the conference, the Superintendent of Schools or his/her designee will read the policy, rule or regulation which the student is charged with having violated and will briefly outline the conduct on the part of the student. The parent should be asked by the Superintendent of Schools or his/her designee if he/she understands the rule and the charges against the student.
5. At the conclusion of the conference the Superintendent of Schools or his/her designee will state whether he/she shall terminate or modify the out-of-school suspension. In all cases the parent shall be advised of his/her right to have the out-of-school suspension reviewed by the Board of Education. If the parent is in agreement with the decision of the Superintendent of Schools or his/her designee, he/she shall be requested to sign a waiver of review by the Board.

Method of Appeal to the Board of Education:

1. An appeal can be requested by letter to the Superintendent of Schools or to the Clerk of the Board of Education.
2. If no appeal is received within five (5) days after the decision of the Superintendent of Schools or his/her designee is received by the parent or student, the decision of the Superintendent or his/her designee will be final and non-appealable.

A direct appeal to the Board requires the student, parent, or guardian to file the written request for appeal within five (5) days of receipt of the principal's decision.

Hearing the Appeal:

1. The Board will hear the appeal as soon as possible. The Board's decision is final and non-appealable.
2. The parent and student will be notified in writing of the date, time and place of the hearing.

3. The parent and student will have the right to an "open" or "closed" hearing, at their option.
4. Reasonable efforts will be made to accommodate the work schedule of parents.

Procedure for Student Out-of-School Suspension Appeal Hearing Before the Board of Education:

1. The Board President should:
  - a. Announce that the next agenda item is an out-of-school suspension review hearing for the student stating her/his initials.
  - b. Ask whether the parents/child wish the hearing to be open to the public or in executive session. The offer of an open hearing and their response is to be made a part of the minutes of the meeting. If parents/child request a closed hearing, a motion to go into executive session per their request should be made and voted on.
2. The Board President should advise the parents/child:
  - a. That they are entitled to legal counsel, if they desire it.
  - b. That the administration will present its witnesses first and that after each witness the parents or their legal counsel will be given an opportunity to cross-examine.
  - c. That the parents/child will be given an opportunity to call any relevant witnesses and present any relevant evidence they may wish, subject to cross-examination by legal counsel for the administration.
  - d. That the Board will consider the evidence and documents and reach a decision which will be recorded by vote in open session.
  - e. That the parents/child may ask any questions about the procedure.
3. Following presentation of 1 and 2 above, all administration witnesses and documents should be presented subject to cross-examination.
4. Parents/child may call any witnesses and present any documents subject to cross-examination.
5. After each witness is presented School Board members may ask the witness any questions.
6. Parents'/child's closing statement.
7. Administration's closing statement.
8. Deliberate in private. (If the hearing is not in executive session, the Board may deliberate in executive session only with permission of the parents or student.)
9. Return to open session and vote. After adopting a motion making certain findings of fact the Board must make a motion to: (1) affirm the out-of-school suspension; (2) modify the out-of-school suspension (increase or decrease severity of the out-of-school suspension); or (3) revoke the out-of-school suspension.

Attendance at School Pending Appeal Hearing:

Pending the appeal hearing of an out-of-school suspension to the Board, the student will have the right to attend school under such "in-house" restrictions as the principal deems proper, except that at the discretion of the principal, the student may be prohibited from attending school pending any appeal hearing if in the judgment of the principal:

- a. the conduct for which the student was suspended out of school reasonably indicates that continued attendance by the student pending any appeal hearing would be dangerous to other students, staff members or school property: or
- b. the conduct for which the student was suspended out of school reasonably indicates that the continued presence of the student at the school pending any appeal hearing would substantially interfere with the educational process at the school.

## SHORT-TERM OUT-OF-SCHOOL SUSPENSIONS

### OUT-OF-SCHOOL SUSPENSIONS OF TEN (10) OR FEWER SCHOOL DAYS

The Board of Education recognizes that student out-of-school suspensions of ten (10) or fewer school days (referred to as "short-term out-of-school suspensions") involve less stigma and require less formal due process procedures than are required for out-of-school suspensions of greater than ten (10) school days (referred to as "long-term out-of-school suspensions"). Appellate rights in such instances are satisfied in an effective and expedient manner by giving the student the right to appeal the out-of-school suspension decision to a committee composed of administrators and/or teachers. The composition of the committee shall be reserved to the District's discretion.

#### Right of Appeal:

A student who has been suspended out of school for a period of ten (10) or fewer school days is entitled to all pre-appeal rights presently accorded by School District policy to students who have been suspended out of school for periods of greater than ten (10) school days. A student who has been given a short-term out-of-school suspension and that student's parent have a right to appeal an out-of-school suspension decision to a committee composed of administrators and/or teachers. A student with a short-term out-of-school suspension and his/her parent shall be informed by the principal of this right and the method of submitting an appeal.

#### Method of Appeal to a Committee:

1. An appeal to a committee can be requested by letter to the school principal, which must be received within five (5) days after the principal's out-of-school suspension decision is received by the student, or his/her parent. The out-of-school suspension decision will become final and non-appealable if a request is not timely submitted.
2. Upon receipt of the request, the school principal shall confirm that the student's out-of-school suspension falls within the category of out-of-school suspensions to which an appeal to the committee is authorized. If the school principal determines that the period of out-of-school suspension is greater than ten (10) school days, or if for any reason, the short-term out-of-school suspension is extended beyond ten (10) school days prior to the committee hearing, the procedures applicable to long-term out-of-school suspensions must be followed and the student must be given the opportunity to appeal any adverse decision to the Board of Education.
3. Out-of-school suspensions, in excess of five (5) days, shall include an Individualized Plan for Out-of-School Suspension ("Plan") which shall describe either a home-based

school work assignment setting or other appropriate work assignment setting. The plan shall be prepared by the principal with the assistance of other school employees as warranted by the circumstances of the out-of-school suspension.

The Plan shall provide for the core units in which the student is enrolled. Core units shall consist of the minimum English, mathematics, Science, Social Studies and Art units required by the Oklahoma State Department of Education for grade completion in grades kindergarten through eight and for high school graduation in grades nine through twelve.

A copy of the Plan shall be provided to the student and parent or guardian. The parent or guardian shall be responsible for provision of a supervised, structured environment in which the parent or guardian shall place the student. The parent or guardian shall bear responsibility for monitoring the student's educational progress until the student is readmitted into school. The Plan shall set out the procedure for education and shall also address academic credit for work satisfactorily completed.

#### Hearing the Appeal:

1. The Superintendent of Schools shall appoint a review committee consisting of not less than three School District employees who shall be certified administrators and/or teachers, and shall designate a chairperson for the committee. No administrator or teacher is eligible to serve on the committee who was a witness to the student's conduct, nor is any teacher eligible to serve who has the student in his/her class for the current school term.
2. The Superintendent of Schools shall schedule the committee hearing as soon as possible during regular school hours, Monday through Friday. Reasonable consideration shall be given to accommodate the work schedules of the parent or guardian whenever possible. The student and his/her parent or guardian will be notified in writing of the date, time and place of the hearing. The principal who issued the out-of-school suspension decision shall attend the committee hearing. Either party choosing to have legal counsel at the committee hearing shall give the other party twenty-four (24) hours advance notice of that decision. The failure to give such notice will preclude the party's right to have counsel attend the hearing.
3. The committee will conduct a full investigation of the student's out-of-school suspension in an informal manner. The Principal will briefly outline the student's conduct, read the policy, rule or regulation which the student's conduct violated, and present any evidence and witnesses that support the principal's decision to suspend the student. The student and his/her parent or guardian will be asked by the committee if they understand the rule and charges against the student. The student and his/her parent or guardian will then briefly explain the student's conduct, and present any evidence and witnesses that support the student's position.
4. At the conclusion of the presentation of the evidence, the committee shall retire to render a decision by a majority vote as to the guilt or innocence of the student. The committee shall also determine the reasonableness of the term of the out-of-school suspension. The committee's decision shall be confirmed in writing and a copy will

be mailed to the parent or guardian of the student, the principal and the Superintendent of Schools.

5. The decision of the committee shall be final and non-appealable.

#### STUDENT PRIVILEGES WHILE UNDER OUT - OF - SCHOOL SUSPENSION OR UNDER OTHER DISCIPLINARY OR CORRECTIONAL MEASURES

Participation in the extracurricular activities of the school is a privilege and not a right. Accordingly, when a student's behavior results in a determination by the principal of an out-of-school suspension, the student immediately, notwithstanding the filing of an appeal, forfeits the privilege of participating in all extracurricular activities of the school. In addition, when a principal determines to impose alternative in-school disciplinary or other correctional measures against a student, then the student will not be permitted to participate in any extracurricular activities offered by the school during the term of the discipline unless, in the sole judgment of the principal, such participation is appropriate given the nature of the offense committed by the student.

"Extracurricular activities" include, but are not limited to, all school sponsored teams, clubs, organizations, ceremonies, student government, band, athletics and all other school sponsored activities and organizations.

#### 540.1.3 STUDENT DRESS CODES (Approved 3-6-06)

##### Grades 6-12

While enrolled in Sapulpa Public Schools, grades 6-12, a student's style of dress and/or grooming may reflect individual preference; however, such preferences must be selected within the constraints of reasonable rules and appropriate standards that are consistent with the maintenance of an effective learning atmosphere and good personal hygiene. The Board expects each student's attire and grooming to promote a positive, safe and healthy environment within the school.

The Board has determined that reasonable regulation of school attire and personal adornment is within its authority and consistent with its responsibility to provide an appropriate environment for learning. Although the Board recognizes that individual students have a right to free expression, that right must be balanced with the Board's responsibility to provide a safe, secure and orderly educational environment for all students.

Although the Board wishes for each student to accept responsibility for following this policy, it understands and appreciates both the authority and responsibility of the parent/guardian relative to student dress. The Board solicits the support of parents/guardians in the enforcement of its dress code.

Approved coverings worn as part of a student's bona fide religious practice or belief shall not be prohibited under this policy.

10. Clothing Assistance

It is the policy of the Board that no student will be denied an education due to a bona fide financial inability to obtain clothing that complies with the school dress code. Any student for whom compliance with the school dress code poses a bona fide financial burden may submit a written request for clothing needed, together with a statement of financial need. School principals, or their designees, shall assist families in financial need to obtain clothing that complies with the school dress code. In meeting requests for assistance, principals, or their designees, shall consider community resources such as clothing donations from school personnel, merchants, parent organizations, charitable organizations, financial assistance, purchasing clothing for a student, and providing additional time for a student to obtain clothing that complies with the school dress code.

11. School Policies

Individual schools, via their respective school shared decision-making councils or school improvement committees may, upon approval by the principal, impose more strict dress code requirements than those set forth herein. However, all schools must meet the standards set forth in this policy as the minimum requirements. Schools shall publish any and all additional requirements/expectations relative to student dress. (Approved 4-13-92) (Revised 4-8-97)

- B. Dangerous weapons, including but not limited to firearms, are a threat to the safety of the students and staff of the Sapulpa School District. - F. Any student in possession of a dangerous weapon, or replica or facsimile of a dangerous weapon, in violation of this policy or who uses any item or instrumentality to threaten harm to any person or is used to harm any person may be placed under emergency suspension from school, pending an investigation of the incident by the appropriate school or legal authorities. Students who violate this policy may be suspended from school, barred from school property and all school activities for any period of time up to the maximum period authorized by law. Additionally, appropriate school staff members may seek to file criminal charges against the student.
- G. If a teacher or other school employee has a reasonable suspicion to believe that a student is in possession of a dangerous weapon, or a replica or facsimile of a dangerous weapon, the teacher or employee shall immediately investigate the matter and shall confiscate any such weapon found if this can be accomplished without placing any students or staff in jeopardy, and shall immediately notify the principal or the principal's designee. For this exception, prior written approval by the principal, in consultation with the Superintendent of Schools, is required.
- K. A student's inadvertent or unintentional possession of a dangerous weapon or replica or facsimile thereof on school property, a school bus or vehicle, or at a school activity is no defense or excuse to compliance to this policy, but may be considered in determining the length or severity of any punishment for violation of this policy.
- L. Notwithstanding any of the foregoing provisions, rights of due process for all students and rights of disabled students must be observed in accordance with applicable law and school board policies.

#### 540.1.7 STUDENT BULLYING PREVENTION AND INTERVENTION (Approved 1-13-03)(Revised 4-9-12)(Revised 11-11-13)(see procedure page)

**PURPOSE:** To address student bullying behavior effectively through a multi-faceted approach that includes education and the promotion of a positive school atmosphere.

The Board expressly prohibits any form of bullying behavior by students at school as well as active or passive support for acts of bullying. In addition, the Board prohibits bullying behavior by students outside of the regular school day if it causes a substantial and material disruption at school or an interference with rights of students and personnel to be secure. This includes but is not limited to bullying through electronic communication, whether or not such communication originated at school or with school equipment, if the communication is specifically directed at students or school personnel and concerns bullying at school.

The Superintendent or his/her designee will develop a regulation to support and provide specific procedures for implementation of this policy. The Superintendent or designee will also ensure that each site principal implements administrative regulations in furtherance of this policy. Students who engage in bullying behavior shall be subject to school discipline, up to and including suspension out of school in accordance with the policies, rules and regulations of the District's Board of Education.

#### Student and Staff Education and Training

The District is committed to providing appropriate and relevant training annually to students and staff regarding preventing, identifying, responding to and reporting incidents of bullying. A full copy of this policy will be posted on the District's website and included in all District handbooks. Parents, guardians, community members, and volunteers will be notified of the availability of this policy through the District's annual

written notice of the availability of the district's anti-bullying policy. Written notice of the policy will also be posted at various places in all District school sites.

Students and staff will be periodically reminded throughout the year of the availability of this policy, the District's commitment to preventing bullying, and help available for those affected by bullying. Anti-bullying programs will be incorporated into the District's other violence prevention efforts.

All staff will receive annual training regarding preventing, identifying, reporting, and managing bullying. The district's bullying coordinator and individuals designated as school site investigators will receive additional training regarding appropriate consequences and remedial action for bullies, helping targets of bullies, and the District's strategy for counseling and referral for those affected by bullying.

Students will receive annual education regarding behavioral expectations, understanding bullying and its negative effects, disciplinary consequences for infractions, reporting methods, and consequences for those who knowingly make false reports. Any person who knowingly makes false accusations against another person will face appropriate discipline pursuant to District policy. Any accusations confirmed to be false will be removed from the falsely-accused student's file. Parents and guardians may participate in a parent education component.

### Student Reporting

Students are encouraged to inform school personnel if they are the target of or a witness to bullying. To make a report, students should notify a teacher, counselor, or principal. The employee will give the student an official report form, and will help the student complete the form, if needed. Reports can also be made by any student, parent, or patron through the District's online reporting system found on the District's website or by calling the school.

Students may make an anonymous report of bullying, and such report will be investigated as thoroughly as possible. However, it is often difficult to fully investigate claims which are made anonymously and disciplinary action cannot be taken against an alleged bully solely on the basis of an anonymous report.

### Staff Reporting

Staff members will encourage students to report bullying. All employees are required to report acts of bullying to the school principal or his/her designee on an official report form. Any staff member who witnesses, hears about, or has reliable information that would lead a reasonable person to suspect that a student is a target of bullying is required to submit a report.

## Bullying Investigators

Each school site will have a designated individual and an alternate to investigate bullying reports. These individuals will be identified in the site's student and staff handbooks, on the District's website, and in the bullying prevention education provided annually to students and staff. The District's anti-bullying program is coordinated at the District level by the District's Safe School Coordinator.

## Investigating Bullying Reports

For any alleged incidents of bullying reported to school officials, the designated school official will investigate the alleged incident(s) and determine (i) whether the bullying conduct occurred, (ii) the severity of the incident(s), and (iii) the potential for future violence. In conducting an investigation, the designated official shall interview relevant students and staff and review any documentation of the alleged incident(s). School officials may also work with outside professionals, such as local law enforcement, as deemed appropriate by the investigating official. In the event the investigator believes a criminal act may have been committed or there is a likelihood of violence, the investigator will immediately call local law enforcement and the superintendent or his/her designee.

At the conclusion of the investigation, the designated employee will document the steps taken to review the matter, the conclusions reached and any additional action taken, if applicable. Further, the investigator will notify the district's bullying coordinator that an investigation has occurred and the results of the investigation.

Upon completion of an investigation, the school may recommend that available community mental health care or substance abuse options be provided to a student, if appropriate. The school may provide a student with information about the types of support services available to the student bully, target, and any other students affected by the prohibited behavior. These resources will be provided to any individual who requests such assistance or will be provided if a school official believes the resource might be of assistance to the student/family. No school employee is expected to evaluate the appropriateness or the quality of the resource provided, nor is any employee required to provide an exhaustive list of resources available. All school employees will act in good faith.

The school may request the disclosure of information concerning students who have received substance abuse or mental health care (pursuant to the previous paragraph) if that information indicates an explicit threat to the safety of students or school personnel, provided the disclosure of the information does not violate the requirements and provisions of the Family Educational Rights and Privacy Act of 1974, the Health Insurance Portability and Accountability Act of 1996, OKLA. STAT. tit. 12 § 1376, OKLA. STAT. tit. 59 §1376 of the Oklahoma Statutes, or any other state or federal laws regarding the disclosure of confidential information. The school may request the disclosure of information when it is believed that the student may have posed a danger to him/herself and having such information will allow school officials to determine if it is

safe for the student to return to the regular classroom or if alternative education arrangements are needed.

### Parental Notification

The assigned investigator will notify the parents of a target within two (2) school days that a bullying report has been received. Within two (2) school days of the conclusion of the investigation, the investigator will provide the parents of a target with the results of the investigation and any community resources deemed appropriate to the situation. If the report of bullying is substantiated, within two (2) school days of the conclusion of the investigation, the investigator will contact the parents of the bully to discuss disciplinary action and any community resources deemed appropriate to the situation.

### Parental Responsibilities

All parents/guardians will be informed in writing of the District's program to stop bullying and will be given a copy of this policy upon request. An administrative response to a reported act of bullying may involve certain actions to be taken by parents. Parents will be informed of the program and the means for students to report bullying acts toward them or other students. They will also be told that to help prevent bullying at school they should encourage their children to:

- Report bullying when it occurs;
- Take advantage of opportunities to talk to their children about bullying;
- Inform the school immediately if they think their child is being bullied or is bullying other students;
- Watch for symptoms that their child may be a target of bullying and report those symptoms; and
- Cooperate fully with school personnel in identifying and resolving incidents.

### Monitoring and Compliance

In order to assist the State Department of Education with compliance efforts pursuant to the *School Safety and Bullying Prevention Act*, 70 OKLA. STAT. § 24-100.2 *et seq.*, the district will identify a bullying coordinator who will serve as the District contact responsible for providing information to the State Board of Education. The bullying coordinator shall maintain updated contact information on file with the State Department of Education and the School District will notify the State Department of Education within fifteen (15) days of the appointment of a new bullying coordinator. A copy of this policy will be submitted to the State Department of Education by December 10th of each school year as part of the District's Annual Performance Report.

The Administration recognizes that there are many motivations behind the act of bullying, one of which may be for a discriminatory purpose. If the bullying behavior constitutes discriminatory harassment, intimidation or bullying (i.e., it is targeted toward an individual because of race, color, religion, sex, sexual orientation, age, national origin, marital status, veteran status, disability or genetic information), the misconduct is prohibited pursuant to District Policy 4902 regarding Discriminatory Harassment,

Intimidation and Bullying and is subject to the procedure and protections specified in 4902 in addition to this policy. Retaliation is expressly prohibited against any person who participates in reporting, investigating or addressing any incident of bullying behavior.

## STUDENT BULLYING PREVENTION AND INTERVENTION

### Procedures

In furtherance of the Board's policy regarding student bullying prevention and intervention, the District shall require Prevention and Intervention Strategies, as described below, based on building data, for school staff to address bullying behaviors. These interventions will be on a continuum, ranging from those aimed at prevention to those interventions that address more serious bullying behavior on a case-by-case basis.

The District's "Prevention and Intervention Strategies" referenced above include, but are not limited to:

1. Including prohibitions and guidance concerning bullying in the District's Behavior Response Plan;
2. Implementation of a positive behavioral intervention and support process or another evidence-based model approach for safe school climate or for the prevention of bullying, including any such programs identified by the State Department of Education;
3. A school survey to determine the prevalence of bullying, which will take place during the second or third quarter of each school year and a summary of which will be made available to a District office designee; and
4. Establishment of a Safe & Healthy Schools Committee for each school site (K-12) as mandated by the School Safety and Bullying Prevention Act. The Safe & Healthy Schools Committee will consist of at least ten (10) members and shall be composed of teachers, parents of enrolled students, students, and a school official who participates in the investigation of reports of bullying. Each Safe & Healthy Schools Committee has the responsibility of studying and making recommendations regarding unsafe conditions, strategies for students to avoid harm at school, student victimization, crime prevention, school violence, and other issues which interfere with and adversely affect school safety. With respect to student bullying, each Committee shall assist the Board in promoting a positive school climate. The Committee will study the District's policy and currently accepted bullying prevention programs (available on the State Department of Education website) to make recommendations regarding bullying. These recommendations must be submitted to the principal and cover: (i) needed staff development, including how to recognize and avoid bullying; (ii) increasing student and community involvement in addressing bullying, (iii) improving individual student-staff communication, (iv) implementing problem solving teams which include counselors and/or school psychologists, and (v) utilizing behavioral health resources.

5. The development, posting, and enforcement of rules at each school site that prohibit bullying and establish appropriate consequences for those who engage in such acts, as defined by District policy;
6. The consistent provision of adult supervision at each school site of outdoor areas, hallways, the lunchroom and other specific areas where bullying is likely to occur;
7. Inclusion of grade-appropriate, research-based bullying prevention curricula in prekindergarten through high school grades, as compiled by the State Department of Education and which is reported annually using a fidelity checklist to submit to Safe & Healthy Schools Committee members;
8. Training school personnel to be sensitive to the interpersonal dynamics of bullying behavior so that they recognize the need to protect all students from reprisal, retaliation and false accusations.
9. The participation of all employees directly involved with student services in annual bullying awareness/intervention training and suicide prevention training;
10. The participation of all new employees directly involved with student services in bullying awareness/intervention training and suicide prevention training before reporting to their new positions;
11. Individual interventions for students who engaged in confirmed bullying behavior and against whom bullying behavior has been confirmed, the parents or guardians of those students, and involved school staff members;
12. School-wide training related to the provision of a safe school climate;
13. The promotion of parent involvement in bullying prevention through individual or team participation in meetings, trainings and individual interventions, which may include discussion panels, Safe & Healthy Schools Committee, TAPS, parent involvement facilitators and the like.

As the terms are used in the District's policy and this regulation, the following definitions apply.

#### DEFINITIONS:

A. "Bullying" means any pattern of harassment, intimidation, threatening behavior, physical acts, verbal or electronic communication directed toward a student or group of students that results in or is reasonable perceived as being done with intent to cause negative educational or physical results for the targeted individual or group and is communicated in such a way as to disrupt or interfere with the school's education mission or the education of any student.

According to experts in the field, bullying in general is the exploitation of a less powerful person by an individual taking unfair advantage of that person, which is repeated over time, and which inflicts a negative effect on the victim. The seriousness of a bullying act depends on the harm inflicted upon the victim and the frequency of the offensive acts. Power may be but is not limited to physical strength, social skill, verbal ability, or other characteristics. Bullying acts by students have been described in several different categories:

“Physical Bullying” may include harm or threatened harm to another’s body or property, including but not limited to, what would reasonably be foreseen as a serious expression of intent to inflict physical harm or property damage through verbal or written speech or gestures directed at the student-victim, when considering the factual circumstances in which the threat was made and the reaction of the intended victim. Common acts include tripping, hitting, pushing, pinching, pulling hair, kicking, biting, starting fights, daring others to fight, stealing or destroying property, extortion, assaults with a weapon, other violent acts, and homicide.

“Emotional bullying” may include the intentional infliction of harm to another’s self esteem, including but not limited to insulting or profane remarks, insulting or profane gestures, or harassing and frightening statements, when such events are considered in light of the surrounding facts, the history of the students involved, and age, maturity, and special characteristics of the students.

“Social bullying” may include harm to another’s group acceptance, including but not limited to, harm resulting from intentionally gossiping about another student or intentionally spreading negative rumors about another student that result in the victim being excluded from a school activity or student group; the intentional planning and/or implementation of acts or statements that inflict public humiliation upon a student; the intentional undermining of current relationships of the victim-student through the spreading of untrue gossip or rumors designed to humiliate or embarrass the student; the use of gossip, rumors or humiliating acts designed to deprive the student of awards, recognition or involvement in school activities; the false or malicious spreading of an untrue statement or statements about another student that exposes the victim to contempt or ridicule or deprives the victim of the confidence and respect of student peers; or the making of false statements to others that the student has committed a crime, or has an infectious, contagious, or loathsome disease, or similar egregious representations.

“Sexual bullying” may include harm to another resulting from, but not limited to, making unwelcome sexual comments, about the student, making vulgar, profane, or lewd comments or drawings or graffiti about the victim; directing vulgar, profane, or lewd gestures toward the victim; committing physical acts of a sexual nature at school, including the fondling or touching of private parts of the victim’s body; participation in the gossiping or spreading of false rumors about the student’s sexual life; written or verbal statements directed at the victim that would reasonably be interpreted as a serious threat to force the victim to commit sexual acts or to sexually assault the victim when

considering the factual circumstances in which the threat was made and the reaction of the intended victim; off-campus dating violence by a student that adversely affects the victim's school performance or behavior, attendance, participation in school functions or extracurricular activities, or makes the victim fearful at school of the assaulting bully; or the commission of sexual assault, rape, or homicide. Such conduct may also constitute sexual harassment — also prohibited by the district.

B. "Threatening behavior" means any pattern of behavior or isolated action, whether or not it is directed at another person, that a reasonable person would believe indicates potential for future harm to students, school personnel or school property.

C. "Electronic communication" means the communication of any written, verbal, pictorial information or video content by means of an electronic device, including, but not limited to, a telephone, a mobile or cellular telephone or other wireless telecommunication device or a computer. Electronic communications include, but are not limited to, communications made through weblogs and social media forums. Bullying by electronic communication is prohibited whether or not such communication originated at school, or with school equipment, if the communication is specifically directed at students or school personnel and concerns bullying at school.

D. The term "at school" means on school grounds, in school vehicles, at school-sponsored activities or at school-sanctioned events.

E. In determining what a "reasonable person" should recognize as bullying, staff will consider the point of view of the intended target, including any characteristics unique to the intended target. Staff may also consider the disciplinary history and physical characteristics of the alleged bully.

F. "Good faith" is a state of mind consisting in honesty in belief or purpose or faithfulness to one's duty or obligation.

G. The term "discriminatory harassment, intimidation and bullying" is defined by the District pursuant to SPS Board Policy 489 as harassment, intimidation, and bullying targeted toward an individual because of race, color, religion, sex, sexual orientation, age, national origin, marital status, veteran status, disability or genetic information.

**540.2\* STUDENT ATTENDANCE (Revised 4-12-2010)(Negotiated 8-19-13)(see procedure page)**

Accomplishing our goal of providing the best, most appropriate education to every one of our students requires that we all work together to achieve that end. One of the things that we need from our students is regular attendance. In other words, we need you in school every day so that we can provide the instruction you need to be successful. To help you with your attendance, the district has approved the following incentives and guidelines:

**A. INCENTIVES**

1. Students with good attendance will be rewarded with the following test exemptions:
  - a. Zero absences in all classes – student may choose to exempt all semester tests.
  - b. No more than one (1) absence in all classes – student may choose to exempt up to three (3) semester tests.
  - c. No more than two (2) absences in all classes – student may choose to exempt one (1) semester test.
2. Certificates of perfect attendance will be awarded to students who have maintained perfect attendance during the school year. (Missing more than one period during either the morning or afternoon session will be recorded as a one-half day absence.)

**B. ATTENDANCE REQUIREMENT**

The underlying guideline for the attendance policy is that students must be in attendance a minimum of 90% of the time to receive credit.

We understand that sickness or family obligation occasionally necessitates an absence from school. When this occurs, we request that your parent/guardian call the attendance office each day of your absence to inform the attendance clerk of the absence. **NOTES FROM HOME WILL NOT BE ACCEPTED.** Parents are encouraged to request homework from the appropriate counselor if the child's absence exceeds two days. Students will be provided make-up work within 24 hours of request.

We also understand that extenuating circumstances may result in the student missing more than the allowable days. As a result, an appeals process has been established so that the minimum attendance policy can be waived on an individual basis. The appeals process consists of the following step: When there are extenuating circumstances, the student and parent should request a hearing with the assistant principal in charge of attendance.

### **C. PARENTAL NOTIFICATION**

Since the purpose of this attendance policy is to encourage good attendance, the school will strive to help prevent any student from losing his/her grade(s) solely on the basis of absenteeism. The attendance office will inform the parents/guardians of any student whose attendance is becoming a problem. The following steps will be utilized:

1. Notification will be made periodically for students with attendance issues. The parent/guardian will be informed at the fifth absences.
2. The parent/guardian will be informed at the fifth absence regardless of when it occurs during the semester.
3. Any elementary or middle school student who has four or more absences at the end of the first or third nine weeks may receive an NG (No Grade) instead of a letter grade on his/her report card. This marking will simply indicate that the student's attendance is unsatisfactory and that improvement is needed. If, at the end of the semester, the student has been in attendance at least 90% of the time, the student's semester grade will reflect all points earned throughout the semester and there will be no penalty reflected for attendance.

### **D. ABSENCE CATEGORIES**

1. **Unrecorded Absences:** Absences for school sponsored activities will not be counted against the minimum attendance requirement. To qualify as a school sponsored activity, the activity must be under the direct supervision of a teacher or coach. According to OSSAA rule 2, "a student who has not attended classes ninety percent of the time for the semester in a member school becomes

ineligible.” The State Board of Education Rules state “the maximum number of absences for activities whether sponsored by the school or outside agency/organization which removes a student from the classroom shall be ten for any one class period of each school year. Excluded from the number are state and national levels of school-sponsored contest. State and national contest are those for which a student must earn the right to compete.”(If a student is participating in a progressive tournament and misses more than one day of school during that tournament, only one day's absence will be counted against the ten.) STUDENTS WILL BE RESPONSIBLE FOR OBTAINING AND COMPLETING ALL ASSIGNMENTS PRIOR TO THE ACTIVITY OR MAKE PRIOR ARRANGEMENTS WITH THEIR TEACHERS TO COMPLETE ASSIGNMENTS AT THE TEACHERS' DISCRETION.

2. **Non-chargeable Absences:** Absences for hospitalization and doctor verified illness will not be charged against the minimum attendance requirement. Documentation will be required for these absences. If grades are taken during the absence, the student must make arrangements with the teacher to complete the missed assignments within the designated time period. (A designated time period is defined as one day to make up work for each day missed. An example is if a student missed Monday and Tuesday and is back in school on Wednesday, he/she would have until Friday afternoon to complete all assignments and tests.) No penalty will be assessed to work made up on time. Zero's will be recorded permanently for any work not made up on time.
3. **Excused Absences:** If a student is absent with the approval of his/her parent/guardian for any reason except an approved school activity, the absence counts as one of the student's allowable days. If grades are taken during the absence, the student must make arrangements with the teacher to complete the missed assignments within the designated time period. (A designated time period is defined as one day to make up work for each day missed. An example is if a student missed Monday and Tuesday and is back in school on Wednesday, he/she would have until Friday afternoon to complete all assignments and tests.) No penalty will be assessed to work made up on time. Zero's will be recorded permanently for any work not made up on time.
4. **Truancy:** A student is truant when he is absent without prior permission from the school and the parents. Examples of truancy include: simply missing school without permission, obtaining a pass to go to a certain place and not reporting there, becoming ill and staying in the restroom instead of reporting to the nurse's office, leaving class without permission, leaving school without permission, etc. Individual teachers will have the discretion to accept or refuse makeup work from a truant student. The teacher's policy must be stated in his/her classroom syllabus. IF A STUDENT IS ABSENT WITHOUT AN EXCUSE, HE/SHE WILL BE INELIGIBLE TO PARTICIPATE IN ANY SCHOOL ACTIVITY THAT DAY OR NIGHT. Truant students will be dealt with according to the following penalties:

**First Offense:**

**Saturday School** - Saturday School is primarily aimed at students who are truant from school or do not attend required Encore sessions. Non-attendance at Saturday School will result in additional Saturday School assignment. Non-attendance will be excused only for a doctor verified illness. Saturday School assignments will be limited to five per year per student.

- E. TARDIES** - A student not in the classroom when the tardy bell rings is considered tardy. If a student is detained by a teacher, administrator, or counselor, the student must have a note from that faculty member to be considered excused (not tardy). Any student who has excessive tardies (5 or more) will be referred to the assistant principal for discipline. Students tardy to class will be assigned Detention. Parents must call before 7:55 am to excuse a tardy. No tardies will be excused if the call is made after school starts.
- F. HALL PASSES** - Students must have permission to be in the halls during class time. Students will be given a hall pass as evidence of permission. The hall pass must be visible or disciplinary action will be taken.

#### 540.2.2 BUILDING PASSES

Students who leave the campus should check out through the attendance office.

Students having appointments off campus during class time should have their parents notify the office by phone to receive their building pass. Notes are not accepted. If a student leaves the campus without checking out through the attendance office, his/her absence will be recorded as a truancy.

#### 540.6 STUDENT POSSESSION OF WIRELESS TELECOMMUNICATION DEVICES (Approved 10-2-89)(Revised 9-10-01, 11-14-11, 6-8-15)

Sapulpa Public Schools promotes an environment for instructional learning that is safe and secure. The District recognizes the importance of electronic tools as communication and e-learning tools. When used appropriately, these tools can significantly enhance Sapulpa Public Schools teaching and program effectiveness. Therefore, in order to foster digital citizenship, students and staff are required to practice appropriate and responsible use.

- A.** Wireless telecommunication devices, including but not limited to cell phones may be used by students on school premises as directed by site administrators and classroom teachers. When use is not authorized,

Wireless telecommunication devices shall be turned off and put away in an inconspicuous place out of sight, for example, in a purse or book bag.

- B. Student possession of wireless telecommunication devices shall not distract or disrupt the educational environment, including class time, assemblies, lunch, meetings and/or passing between classes in school hallways. Students may use their electronic devices before or after school hours, during passing between classes in school hallways, during lunch, and during class for academic purposes when authorized by site administration and classroom teachers. Students found to be distracting or disrupting the educational environment will be subject to disciplinary action outlined by Board Policy 540 STUDENT DISCIPLINE. On any offense, a student may forfeit his/her permission to possess a wireless telecommunication device for a time to be determined by the building administrator. Authorized school personnel (School Administrators) shall have the authority to detain and search any student electronic device upon the reasonable suspicion that the student is misusing the electronic device, including suspicion about dangerous weapons, controlled dangerous substances, intoxicating beverages, low-point beer, missing or stolen property. Authorized School personnel and classroom teachers shall have the authority to confiscate the device from the student's possession and follow site procedures on transferring and securing the device to Authorized school personnel. Refusal by a student to give the device to school personnel when requested may result in the student being subject to a violation of the student code of conduct.

#### 541.1 DISCIPLINARY REMOVAL OF CHILDREN WITH DISABILITIES (Approved 10-3-05)(Revised 4-7-08)(see procedure page)

##### 1. Definitions

For purposes of this policy, the following definitions apply:

- (a) "Controlled substance" means a drug or other substance identified under schedules I, II, III, IV or V in section 202(c) of the Controlled Substances Act, 21 U.S.C. § 812(c).
- (b) "Illegal drug" means a controlled substance, but does not include a controlled substance that is legally possessed or used under the supervision of a licensed healthcare professional or that is legally possessed or used under any other authority under the Controlled Substances Act or under any other provision of federal law.
- (c) "Serious bodily injury" means bodily injury that involves –
  - (1) a substantial risk of death;
  - (2) extreme physical pain;
  - (3) protracted and obvious disfigurement; or
  - (4) protracted loss or impairment of the function of a bodily member, organ or mental faculty.
- (d) "Weapon" means a dangerous weapon as defined by 18 U.S.C. § 930(g)(2), specifically, a weapon, device, instrument, material or substance, animate or

inanimate, that is used for, or is readily capable of, causing death or serious bodily injury, except that such term does not include a pocket knife with a blade of less than 2½ inches in length.

- (e) “School day” means any day, including a partial day, that children are in attendance at school for instructional purposes.

2. Case-By-Case Determination

District personnel must consider any unique circumstances on a case-by-case basis when determining whether a change of placement is appropriate for a child with a disability who violates the District’s code of student conduct.

3. Short-Term Disciplinary Removal

District personnel may remove a child with a disability who violates the District’s code of student conduct from the child’s current placement to an appropriate interim alternative educational setting, another setting or suspension, for not more than ten (10) consecutive school days and for additional removals of not more than ten (10) consecutive school days in the same school year for separate incidents of misconduct, as long as those additional removals do not constitute a change of placement.

A change of placement occurs if --

- (a) the removal is for more than ten (10) consecutive school days; or
- (b) the child has been subjected to a series of removals that constitute a pattern.

Under the Individuals with Disabilities Education Act (IDEA) and its implementing regulations, school personnel determine whether a pattern exists by considering the following factors:

- (a) the series of removals total more than ten (10) school days in a school year;
- (b) the child’s behavior is substantially similar to the child’s behavior in previous incidents that resulted in the series of removals; and
- (c) such additional factors as the length of each removal, the total amount of time the child has been removed and the proximity of the removals to one another.

[However, in an effort to promote uniformity in the decision-making process, the Board of Education has determined that it is in the District’s best interest that it not require school personnel to weigh these factors to determine the existence of a pattern in each instance. Instead, when the student’s short-term removals exceed ten (10) school days over the course of the school year, the District will follow the process identified in this policy for implementing a long-term removal.]

4. Educational Services During a Short-Term Disciplinary Removal

The District will provide a child with a disability the same level of services it provides children without disabilities during removals for ten (10) school days or less during the school year.

After a child with a disability has been removed from his or her current placement for ten (10) school days in the same school year, if a subsequent removal is imposed for not more than ten (10) consecutive school days and is not a change of placement, District personnel, in consultation with the child’s special education teacher, will determine the extent to which services are needed, so as to enable the child to continue to appropriately progress in the general curriculum, although in another setting, and to appropriately advance toward meeting the goals set out in the child’s IEP.

5. Notification

On the date on which the decision is made to make a removal that constitutes a change of placement of a child with a disability because of a violation of the District's code of student conduct, District personnel will notify the child's parents of the decision and provide the parents a copy of the District's *Parents Rights in Special Education: Notice of Procedural Safeguards* form.

6. Special Circumstances

District personnel may also remove a student to an interim alternative educational setting for not more than 45 school days without regard to whether the behavior is determined to be a manifestation of the child's disability, if the child --

- (a) carries or possesses a weapon at school, on school premises, or to or at a school function;
- (b) knowingly possesses or uses illegal drugs or sells or solicits the sale of a controlled substance at school, on school premises or at a school function; or
- (c) has inflicted serious bodily injury upon another person while at school, on school premises or at a school function.

7. Making a Manifestation Determination

Except for removals that will be for not more than ten (10) consecutive school days and will not constitute a change of placement, within ten (10) school days of any decision to change the placement of a child with a disability because of a violation of the District's code of student conduct, the District, the parent and relevant members of the child's IEP team (as determined by the parent and the District), will review all relevant information in the student's file, including the child's IEP, any teacher observations and any relevant information provided by the parents to determine --

- (a) if the conduct in question was caused by, or had a direct and substantial relationship to, the child's disability; or
- (b) if the conduct in question was the direct result of the District's failure to implement the IEP.

The conduct will be determined to be a manifestation of the child's disability if the District, the parent and relevant members of the child's IEP team determine that a condition in either (a) or (b) of this paragraph was met.

If the District, the parent and relevant members of the child's IEP team determine that the conduct in question was the direct result of the District's failure to implement the IEP, the District will take immediate steps to remedy those deficiencies.

8. Determination that Behavior Is a Manifestation

If the District, the parent and relevant members of the IEP team determine that the conduct was a manifestation of the child's disability, the IEP team will either --

- (a) conduct a functional behavioral assessment, unless the District had conducted a functional behavioral assessment before the behavior that resulted in the change of placement occurred, and implement a behavioral intervention plan for the child; or
- (b) if a behavioral intervention plan already has been developed, review the behavioral intervention plan and modify it, as necessary, to address the behavior.

Except as provided in section 6 of this policy, the IEP team will return the child to the placement from which the child was removed, unless the parent and the District agree to a change of placement as part of the modification of the behavioral intervention plan.

9. Determination that Behavior Is Not a Manifestation

If the behavior that gave rise to the violation of the District's code of student conduct is determined not to be a manifestation of the child's disability, then District personnel may apply the relevant disciplinary procedures to children with disabilities in the same manner and for the same duration as the procedures would be applied to children without disabilities.

10. Educational Services During a Long-Term Disciplinary Removal

During a long-term disciplinary removal, a child with a disability will --

(a) continue to receive educational services so as to enable the child to continue to appropriately progress in the general education curriculum, although in another setting, and to appropriately advance toward achieving the goals set out in the child's IEP; and

(b) receive, as appropriate, a functional behavioral assessment and behavioral intervention services and modifications that are designed to address the behavior violation so that it does not recur.

The child's IEP team will determine appropriate services and the location in which services will be provided. These services may be provided in an interim alternative educational setting determined by the IEP team.

11. Appeal to Hearing Officer

The parent of a child with a disability who disagrees with any decision regarding placement or the manifestation determination under this policy, or the District, if District personnel believe that maintaining the current placement of the child is substantially likely to result in injury to the child or others, may appeal the decision by filing a due process hearing complaint seeking an expedited hearing.

In making the determination, the hearing officer may --

(a) return the child with a disability to the placement from which the child was removed if the hearing officer determines that the removal was a violation of the applicable provisions of the IDEA or that the child's behavior was a manifestation of the child's disability; or

(b) order a change of placement of the child to an appropriate interim alternative educational setting for not more than 45 school days if the hearing officer determines that maintaining the current placement of the child is substantially likely to result in injury to the child or to others.

These procedures may be repeated, if the District believes that returning the child to the original placement is substantially likely to result in injury to the child or to others.

When an appeal has been requested by either the parent or the District, the child will remain in the interim alternative educational setting pending the decision of the hearing officer or until the expiration of the time period set for the placement, whichever occurs first, unless the parent and the District agree otherwise.

The District may also seek a court order to remove a child with a disability from school or change the child's current educational placement if District personnel believe that maintaining the current placement of the child is substantially likely to result in injury to the child or to others.

12. Providing Records to Disciplinary Decision Maker

If the District initiates disciplinary procedures that would constitute a change of placement for a child with a disability, District personnel will ensure that the child's special education and disciplinary records are provided for consideration to the school personnel making the final determination regarding the disciplinary action.

- A. Purpose: To protect the health and safety of extra-curricular activities students from illegal and/or performance-enhancing drug use and abuse, thereby setting an example for all other students of the Sapulpa Public School District.

This policy governs only performance-enhancing and illegal drug use by students participating in certain extra-curricular activities. The sanctions imposed for violations of this policy will be limitations solely upon limiting the opportunity of any student determined to be in violation of this policy to a student's privilege to participate in extracurricular activities. Students who participate in these activities are respected by the student body and are representing the school district and the community. Accordingly, students in extracurricular activities carry a responsibility to themselves, their fellow students, their parents and their school to set the highest possible examples of conduct, sportsmanship, and training, which includes avoiding the use or possession of illegal drugs.

The purposes of this policy are five-fold:

1. To educate students of the serious physical, mental and emotional harm caused by illegal drug use.
2. To alert students with possible substance abuse problems to the potential harms that drug use poses for their physical, mental, and emotional well-being and offer them the privilege of competition as an incentive to stop using such substances.
3. Ensure that students adhere to a training program that bars the intake of illegal and performance-enhancing drugs.
4. To prevent injury, illness, and harm for students that may arise as a result from illegal and performance-enhancing drug use.
