

# Chieftain **STRONGER**

**Sapulpa Public Schools is Proposing a Bond Election on September 12, 2023**

*Rendering is for illustration only. The design will be developed with staff and community input.*

## How will bond funds be used?

- Construction of a new 9th-12th grade Sapulpa High School with top-tier learning environments, modern science and tech labs, and efficient support spaces
- Safety and security enhancements, including drastically reduced entry points, improved security technologies, and a FEMA-rated storm shelter
- A new state-of-the-art Performing Arts Center to serve as a premier learning environment for students as well as a venue for community events.
- A new fabrication lab with high-tech tools and equipment for STEM curriculum, career tech partnerships, and educational pathway programs
- New and improved athletic facilities, fields, and courts enhance athletic programs and be made available for local organizations and state-wide tournaments or national competitions

# More than a BUILDING

01

**Stronger. Safer. Secure.**  
The safety of our SPS learners, staff, and community are of the utmost importance. The redesigned high school campus will have heightened security systems and layers of protection built into the entire campus.

02

## Learn for the Future

New, improved, and expanded curriculum and community partnerships will allow Sapulpa Public School District learners to customize their individual educational journey.

03

## Share the Success

Bond 2023 will cultivate community-wide success and economic prosperity through new synergistic partnerships and programs.

04

## Create Community Connections

Facilitate opportunities for community-wide engagement by creating programs and spaces that not only benefit our students, but also our entire community.

05

## NOW is the time

Our kids, our educators, and our community deserve a better Sapulpa High School. Bond 2023 is an investment in Sapulpa students, the school district, and the future of our entire community.
